## 2 Basic concepts of the school

### 1) *Educational Goal*

#### **Independence, Self-discipline, Globalization**

To cultivate

- The skills to make your own decisions and act proactively.
- The virtue of respecting others and be compassionate.
- The contribution to the development of a multicultural community.

### 2) *Our ideal student*

**A student who recognizes his/her talent, acts confidently, improves his/her living environment.**

- An intelligent student...who understands the importance of attending classes, and through deeper understanding is able to recognize his/her own talent and others' as well.
- An empathetic student...who improves his/her personality by always respecting, helping and encouraging others.
- A strong student...who is physically and mentally committed to the welfare of his/her environment and people around him/her.
  - An international student...who exhibits cross cultural sensitivity and adaptability without being self-centered.

### 3) *Our ideal school*

- The mission of our school is to provide our Japanese students who are residing in Dubai and UAE Northern regions with highest standard of academic excellence that helps them to be contributing members of a multi ethnic, multicultural and pluralistic society. Enable students to adapt with the Japanese education system when they return to Japan.
- Since the foundation was laid, we are committed to developing an environment that fosters mutual respect among members of our learning community that includes students, teachers, parents and administrators.
  - As a final aspect of development, our goal is to have a balanced growth of knowledge, virtue, and health and in the process to provide a conducive and enriched learning environment.

### 4) *Our ideal teachers*

- Teachers take pride and responsibility in performing their duties to the utmost.
- Through team work and collaboration teachers research to enhance their teaching skills day by day.
- Curriculum is decided to provide proper guidance and mental growth for children. Teachers find joy in nurturing the growth of children and providing guidance through a structured curriculum.
- Teachers respond empathetically incorporating parent involvement in order to develop enthusiastic and independent learners.
